EXPLANATORY MEMORANDUM

Consultations between delegations from the Community and Norway about their reciprocal fishing rights in 1983 have not been concluded in time to make it possible to adopt before 31 December 1982 final arrangements for 1983 concerning the fishing of Norwegian vessels in Community waters.

In order to avoid a too long interruption of the reciprocal fishing it is necessary for the Community to adopt interim arrangements for fishing by Norwegian vessels applicable until the entry into force of definitive arrangements for 1983. The Commission considers that the final arrangements can enter into force on 1 May 1983. For this reason the Commission proposes that the Council adopt a Regulation establishing an interim regime permitting Norwegian vessels to fish in the Community fishing zone during the abovementioned period.

The arrangements set out in the proposal for a Regulation are based on the results of the consultations of 14 December 1982.

The Commission proposes that the Council adopt the Regulation, a draft of which is attached, as soon as possible.

Whereas, consequently, this measure should be adopted on a temporary basis, subject to its later inclusion in a definitive system to be adopted under Article 43 of the Treaty;

Whereas the Agreement of 19 December 1966 between Denmark, Norway and Sweden on mutual access to fishing in Skagerrak and Kattegat provides that each party shall grant access to fishing by vessels of the other parties within its fishing zone in Skagerrak and part of Kattegat seawards of four nautical miles from the base-lines;

EXPLANATORY MEMORANDUM

Consultations between delegations from the Community and the Faroe Islands about their reciprocal fishing rights in 1983 have not been concluded in time to make it possible to adopt before 31 December 1982 final arrangements for 1983 concerning the fishing of Faroese vessels in Community waters.

The Commission considers that the final arrangements can enter into force on 1 May 1983. For this reason the Commission proposes that the Council adopt a Regulation establishing an interim regime permitting Faroese vessels to fish in the Community fishing zone during the abovementioned period.

EXPLANATORY MEMORANDUM

Consultations between delegations from the Community and Sweden about their reciprocal fishing rights in 1983 have not been concluded in time to make it possible to adopt before 31 December 1982 final arrangements for 1983 concerning the fishing of Swedish vessels in Community waters.

In order to re-establish reciprocal fishing as soon as possible, it is necessary for the Community to adopt interim arrangements for fishing by Swedish vessels applicable until the entry into force of definitive arrangements for 1983. The Commission considers that the final arrangements can enter into force on 1 May 1983. For this reason the Commission proposes that the Council adopt a Regulation establishing an interim regime permitting Swedish vessels to fish in the Community fishing zone until 30 April 1983.

The arrangements set out in the proposal for a regulation are based on the results of the consultations of 18 December 1982.

The Commission proposes that the Council adopt the Regulation, a draft of which is attached, as soon as possible.

COUNCIL REGULATION (EEC) No

of

laying down certain interim

measures for the conservation and management of fishery resources
applicable to vessels flying the flag of Sweden

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to the Fisheries Agreement between
the European Economic Community and the Govern-
ment of Sweden (1), and in particular Articles
2 and 6,

Having regard to the proposal from the Commission,

Whereas it was not possible to adopt
before 31 December 1982 definitive
rules for fishing by Swedish vessels
in the Community fisheries zone in
accordance with the conclusions of the
consultations which took place;

Whereas the Agreement of 19 December 1966 between
Denmark, Norway and Sweden on mutual access to
fishing in Skagerrak and Kattegat provides that each
Party shall grant access to fishing by vessels of the other
Parties within its fishing zone in Skagerrak and part of
Kattegat seawards of four nautical miles from the
base-lines, without quantitative limitations;

Whereas the Convention of 31 December 1912 between
Denmark and Sweden concerning fishing conditions in
the maritime waters bordering on both Parties provides
that each Party shall grant access to fishing by vessels of
the other Party within its fishing zone in the Kattegat
seawards of three nautical miles from the coast and in
certain parts of Øresund and the Baltic Sea up to the
base-lines, without quantitative limitations;

Whereas in order to re-establish as soon as possible
reciprocal fishing by vessels of the two parties
in the fisheries zone of the other, it is necessary
that the Community adopt immediately interim rules
authorizing fishing by Swedish vessels in the
Community fisheries zone ;

Whereas, consequently, this measure should
be adopted on a temporary basis, subject to
its later inclusion in the definitive rules
to be adopted under Article 43 of the Treat
